

Available Finishes / Materials:

EG -- Electro-galvanized

Standard Finish: EG

Position	Design Load	
	lbs	kN
A	500	2.22
B	300	1.33

Maximum rod size 1/2" [12]

Maximum flange thickness 3/4" [19]

If swivel is required use BC12 Swivel Nut.

Catalog Number: BC10000EG

Weight: 0.42 Lbs.

## Material Specifications and Finishes

Carbon Steel – ASTM A1011-00 SS GR 33 or ASTM A1011-00CS Type B

EG – Electro-Galvanized. Electroplating deposits zinc on the surface of the steel by electrolysis from a bath of zinc salts. Recommended for relatively dry indoor use. This is the standard coating for most Jet Stream products. Thickness of applied zinc is between 0.2 mils to 0.5 mils [5.1 µm to 12.7 µm]. Coatings on Jet Stream EG products meet ASTM B633 SC1 Type III.

Note: Specifications subject to change without notice.
